

Análisis de los principios constitucionales aplicados en los procedimientos administrativos durante la pandemia en Ecuador [

2021

text (article)

Analítica

The present work creates the topic as a product of the pandemic that is experienced in the world, through this topic it is intended to assess the correct application of the principles in administrative procedures. In the administrative procedure, a series of principles are applied that serve as a guarantee or ensure the management of the processing in the processing of the file. These principles arise from various legal norms that make up the legal system. These principles are derived from the various legal norms that constitute the legal system. The administrative actions of the procedure will be based on the principles of economy, speed, efficiency, legitimacy, publicity and good faith, decentralization, deconcentration, coordination, cooperation, efficiency. The objective is to verify in Ecuador the principle of speed is applied correctly and efficiently in administrative matters. The methodology used in this study project was carried out within the following types of research: Descriptive, Evaluative and Bibliographic
