Título: Fish movement ecology in high gradient headwater streams electronic resource] its relevance to fish passage restoration through stream culvert barriers Hoffman, R., and Dunham, J.

Edición: Rev. and reprinted 2007

Editorial: Reston, Va. U.S. Geological Survey 2007

Descripción física: iii, 37 pages digital, PDF file

Variantes del título: Fish movement ecology in high gradient headwater streams

Mención de serie: Open-file report 2007-1140

Nota general: Title from PDF title screen (viewed on June 12, 2007)

Bibliografía: Includes bibliographical references (pages 19-28)

Detalles del sistema: Mode of access: Internet from the USGS web site. Address as of 10/19/07: <http://pubs.usgs.gov/of/2007/1140/pdf/ofr20071140.pdf>; current access via PURL

Materia: Fishways Freshwater ecology Stream restoration

Autores: Dunham, J. (Jason) (1964-)

Entidades: Geological Survey (U.S.)
