

## Precarious work : the challenge for labour law in Europe /

Kenner, Jeff,  
editor

Florczak, Izabela,  
editor

Otto, Marta,  
editor

Monografía

"This discerning book provides a wide-ranging comparative analysis of the legal and social policy challenges posed by the spread of different forms of precarious work in Europe, with various social models in force and a growing 'gig economy' workforce. It not only considers the theoretical foundations of the concept of precarious work, but also offers invaluable insight into the potential methods of addressing this phenomenon through labour regulation and case law at EU and national level."
