

## 50 landmark papers every vascular surgeon should know

/

Jiménez, Juan Carlos,  
editor  
Wilson, Samuel E. ( 1941-),  
editor

Review

Monografía

"This book identifies the 50 key scientific articles in the field of Vascular surgery and explains why these papers are important via expert reflections and editorial perspectives. Identifying those influential contributors who have shaped the practice of modern Vascular surgery, the book covers all subspecialty areas. This an invaluable reference for trainees, fellows, and surgeons studying for exams, as well as for seasoned surgeons who want to stay current in their field"--
