Analítica

This working paper tries to find out the way in which VOX articulated a long-durée feeling, which crosses a sector of Spanish society: resentment. We believe that the politics of resentment is the key to understanding this new global wave of radical rights, and this social space, from which these parties are founded -in this sentiment lie the most worrisome dangers to our democracies. To explore these hypotheses, we have conducted in-depth interviews (without claiming to be statistically relevant, just to illustrate the arguments and understand the concerns of VOX voters); we have analyzed the youtubers related to the Spanish radical right, and we have reviewed the speeches, interviews and appearances of the most relevant referents of the party
