Analítica

In the present work we will carry out an exhaustive analysis of the joint custody re-gime in the Spanish legal system. To do this, we will begin by introducing how this model came to appear in our country, as well as its evolution up to the present. Evolution that will be followed by numerous reforms, in addition to important rulings such as the dec-laration of unconstitutionality by the regime. Finally, and gradually approaching reality, we will project the most important sentences on joint custody, addressing various ap-proaches to it
