

# Corredor de seguridad: una alternativa de prevención en entornos escolares de educación superior en México [

2023

text (article)

Analítica

The concern for the safety of the members of the school community should be a constant on the part of the educational authorities, however, it seems that it is the authority itself, which limits its vision by only considering that security must be provided within the school. school institution, it is therefore important to assess that security corridors in school environments, potentiate an environment of prevention and strengthen institutional ties with local authorities and the community, therefore, security seen in a holistic and non-reduced way, allows guarantee safe and violence-free environments, an obligation of all authorities, including schools
