Título: Edsger Wybe Dijkstra his life, work, and legacy Krzysztof R. Apt, editor, Tony Hoare, editor

Edición: First Edition

Editorial: [New York, New York] Association for Computing Machinery [2022] 2022

Descripción física: XXII, 550 páginas 25 cm

Mención de serie: ACM books 2374-6777 #45

Bibliografía: Incluye referencias bibliográficas e índice

Contenido: The humble programmer / Edsger W. Dijkstra -- Dijkstra's single source shortest path algorithm / Mikkel Thorup -- Programming concurrent systems / Butler Lampson -- Concurrent algorithms / Leslie Lamport -- Origin of self-stabilization / Ted Herman -- Dijkstra's legacy on program verification / Reiner Hähnle -- Development of correct programs / David Gries -- Nondeterminism and guarded commands / Krzysztof R. Apt and Ernst-Rüdiger Olderog -- A personal view of Edsger W. Dijkstra and his stance on software construction / Christian Lengauer -- Applying Dijkstra's vision to numerical software / Robert van de Geijn and Maggie Myers -- Calculational proofs / Vladimir Lifschitz -- An homage to the beautiful mathematical EWDs / Jayadev Misra -- A note on two problems in connexion with graphs / E.W. Dijkstra -- Recursive programming / E.W. Dijkstra -- Some meditations on advanced programming / E.W. Dijkstra -- Solution of a problem in concurrent programming control / E.W. Dijkstra -- Go To statement considered harmful / E.W. Dijkstra -- The structure of the "THE"-multiprogramming system / Edsger W. Dijkstra -- Self-stabilizing systems in spite of distributed control / Edsger W. Dijkstra -- On-the-fly garbage collection : an exercise in cooperation / Edsger W. Dijkstra, Leslie Lamport, A.J. Martin, C.S. Scholten, and E.F.M. Steffens -- On the reliability of programs / E.W. Dijkstra -- Edsger Dijkstra, the man who carried computer science on his shoulders / Krzysztof R. Apt -- Memories of Edsger W. Dijkstra / E. Allen Emerson -- Reflections on Edsger and his influence / David Gries -- Forty years with Edsger / Tony Hoare --

Edsger Dijkstra : some reminiscences / Brian Randell -- Evoking Whitehead's dictum / Fred B. Schneider -- Edsger W. Dijkstra in the eyes of his friends, colleagues, and students / Lex Bijlsma [and thirtenn others] -- Edsger W. Dijkstra as a lecturer in Marktoberdorf / Manfred Broy -- The Edsger W. Dijkstra Archive / Hamilton Richards -- Edsger W. Dijkstra : biographical information / Krzysztof R. Apt

ISBN: 9781450397735 hardcover) 1450397735 hardcover) 9781450397711 paperback) 1450397719 paperback) 9781450397728 epub) 1450397727 epub) 9781450397742 ebook) 1450397743 ebook)

Materia Nombre: Dijkstra, Edsger W. Dijkstra, Edsger W.

Materia: Computer programming Programmation (Informatique) computer programming Computer programming

Autores: Apt, Krzysztof R. (1949-), editor Hoare, C. A. R. (Charles Antony Richard) (1934-), editor Dijkstra, Edsger W. Selections

Punto acceso adicional serie-Título: ACM books no. 45
