Monografía

The first volume of a world-renowned scholar's long-awaited Qur'an commentary, now available in English. Angelika Neuwirth's six-volume commentary, published originally in Germany, offers a historical and philological analysis of the form, structure, and semantic message of each of the 114 Qur'anic suras. It brings together the fruits of the past hundred years of modern scholarship and provides access to the aesthetic, theological, linguistic, and semantic background required to appreciate the unique novelty, force, and historical position of the Qur'an
