Happy Kids Happy You has a unique approach to parenting, giving parents practical NLP-based methods to enable them to develop their own solutions to challenging situations. Rather than responding in the same old ways, this book will help parents to speak and behave more positively and usefully with their children to get the results they desire. Every child, every family situation, is different and parenting is a journey of constant change. There is no right answer, only what works for you and your family. This book gives parents methods they can own a toolkit of methods flexible enough to cover all situations. It focuses equally on the needs of the parent as well as the child and helps parents to: Understand their children, support and encourage them and their development more effectively; Get their family life running more smoothly; Recognize and meet their own needs more effectively so that they can be more resourceful in family life; and Feel more confident and positive so that they enjoy being a parent more of the time
