Accompanying DVD ... "shows scores of [color] photographs of the author's art: before and after photographs of spaces that have been transformed, vestments and paraments, and temporary liturgical art for conferences and retreat settings. There are also images depicting the transformation of a narthex, fellowship hall, balcony, and church hallway. Several images give insight into the author's creative process, from the original imaginings to the completed project."--Page 4 of cover
