"Back to the Swingin' '60s as DC Comics reimagines the classic Batman TV series in comics form. These allnew stories portray The Caped Crusader, The Boy Wonder and their fiendish rogues gallery just the way viewers remember them. In this volume, one of Batman's deadliest foes--King Tut returns to Gotham City to assert his royal status and challenge the Dynamic Duo with his most far reaching plan yet to rule the modern Thebes known as Gotham City!"--
