Monografía

"When the top-secret spy agency that recruited Bridget turns out to be a fake, Bridget hopes her superspy father will teach her his tricks, stealth codes, and martial-arts moves (WRONG!). Instead of drop-kicking evil villains and shooting laser beams from her lip gloss, he wants to bond over normal (aka BORING!) stuff like TV, fro yo, and boy talk. But when Bridget gets framed for stealing cheerleading secrets and ruining the most glamorous party of the birthday season, her spy instincts kick in: she's being set up. And when her spy dad goes missing, Bridget knows she's the only one who can bring him back alive--official spy or not."--
