

## A companion to Federico Garcia Lorca /

Bonaddio, Federico

Tamesis,  
2008

Monografía

A Companion to Federico Garcia Lorca provides a clear, critical appraisal of the issues and debates surrounding the work of Spain's most celebrated poet and dramatist. It considers past and current approaches to the study of Lorca, and also suggests new directions for further investigation. An introduction on the often contentious subject of Lorca's biography is followed by five chapters - poetry, theatre, music, drawing and cinema - which together acknowledge the polymath in Lorca. A further three chapters - religion, gender and sexuality, and politics - complete the volume by covering important thematic concerns across a number of texts, concerns which must be considered in the context of the iconic status that Lorca has acquired and against the background of the cultural shifts affecting his readership. The Companion is a testament to Lorca's enduring appeal and, through its explication of texts and investigation of the man, demonstrates just why he continues, and should continue, to attract scholarly interest. FEDERICO BONADDIO lectures in Modern Spanish Studies at King's College London
