Engineering   Artificial intelligence   Computational Intelligence   Artificial Intelligence

Monografía

This book presents advanced software development tools for construction, deployment and governance of Service Oriented Architecture (SOA) applications. Novel technical concepts and paradigms, formulated during the research stage and during development of such tools are presented and illustrated by practical usage examples. Hence this book will be of interest not only to theoreticians but also to engineers who cope with real-life problems. Additionally, each chapter contains an overview of related work, enabling comparison of the proposed concepts with exiting solutions in various areas of the SOA development process. This makes the book interesting also for students and scientists who investigate similar issues

Título: Advanced SOA Tools and Applications Recurso electrónico] edited by Stanisaw Ambroszkiewicz, Jerzy Brzezi#ski, Wojciech Cellary, Adam Grzech, Krzysztof Zieli#ski

Editorial: Berlin, Heidelberg Springer Berlin Heidelberg Imprint: Springer 2014

Editorial: Berlin, Heidelberg Springer Berlin Heidelberg 2014

Descripción física: VII, 323 p. 114 il

Mención de serie: Studies in Computational Intelligence 499

Nota general: Bibliographic Level Mode of Issuance: Monograph

Bibliografía: Includes bibliographical references

Contenido: Specifications and deployment of SOA business applications within a configurable framework provided as a service -- A platform for development of electronic markets of sophisticated business services -- Application of the Service-Oriented Architecture at the Inter-Organizational Level -- Dependability Infrastructure for SOA Applications -- Implementation, Deployment and Governance of SOA Adaptive Systems

Lengua: English

ISBN: 9783642389573 9783642389580 9783642389566 9783662522356

Materia: Engineering Artificial intelligence Computational Intelligence Artificial Intelligence
