Analítica

The objective of the research is to analyze the socioeconomic situation of paid domestic workers in Barrio Central in the parish of Ximena del Cantón Guayaquil, Province of Guayas, during the last years, they have been one of the most vulnerable sectors, due to their labor rights they were not completed, the year 2008 is issued to the LAW OF COMPULSORY AFFILIATION where people are already talking about lending attention to the law of Ecuadorian citizenship. For what I have been able to carry out the investigation through interviews and surveys to verify the fulfillment of those previously sent by the Ecuadorian State, whether it has been favorable or not for them. The results determine the socioeconomic situation if they have been improved and domestic workers are paid and labor laws have been applied, but not all the times that the accounts in the Ecuadorian labor laws have been complied with, it is recommended that there be Greater control in this sector to reduce the information that contractors
