

Aplicabilidad del cobro de tasas para optimizar la eficacia de las instituciones públicas [

2024

text (article)

Analítica

The purpose of this research is to explore the applicability of fee collection to optimize the effectiveness of Public Institutions, with the intention of promoting efficient public strategies, leaving aside certain political and social vices, which have led to a strong deterioration of the institutions public. Secondary sources of information were used such as research articles, specialized magazines and books, using different databases. Likewise, from the analysis it was possible to conclude that the creation of a law that will allow the implementation of the collection of fees, which being a source of obligations for the provision of a public service effectively, would give public institutions the duty to work efficiently. . , without delays, leaving aside the bureaucracy that proliferates internally, thus generating timely responses to the user and keeping the procedures in progress, in this case respecting the constitutional right to access justice in this matter, free of charge, but nevertheless covering the user through pre-established rates certain requirements unrelated to the administration of justice in question
