

## Coordinador/a TIC: pieza clave para la integración de las nuevas tecnologías en las aulas [

Universidad de Extremadura: Departamento de Ciencias de la Educación,  
2008

text (article)

Analítica

The Andalusia Regional Ministry of Education has promoted the Knowledge Society in the regional school system through And@red Program. Different primary and secondary school around the Andalusia have been integrated inside of Information and Communications Technology (ICT) to add computer and Educativa digital platform. In this progress to incorporate the technology in the school system, have emerged the coordinator rol inside the school. His/Her basic activity is to coordinate three vertex: educational civil service, the school (teacher, families, student, etc) and technology. This coordinator is chose for the rest of the teacher inside the school and He/She advice and dynamize all about ICT. This paper thinks about the coordinator job and his/her relationship with the rest of the teacher inside one primary school in Almería. We analyze what is the coordinator thinking about technology and how this thinking is influencing the teacher technology thinking
