Título: Korovkin-type approximation theory and its applications Francesco Altomare, Michele Campiti

Edición: Reprint 2011

Editorial: Berlin New York W. de Gruyter 1994

Descripción física: 1 online resource (640 p.)

Mención de serie: De Gruyter studies in mathematics 17

Nota general: Description based upon print version of record

Bibliografía: Includes bibliographical references (p. [555]-605) and indexes

Contenido: Frontmatter -- Introduction -- Interdependence of sections -- Notation -- Chapter 1 Preliminaries -- Chapter 2 Korovkin-type theorems for bounded positive Radon measures -- Chapter 3 Korovkin-type theorems for positive linear operators -- Chapter 4 Korovkin-type theorems for the identity operator -- Chapter 5 Applications to positive approximation processes on real intervals -- Chapter 6 Applications to positive approximation processes on convex compact sets -- Appendix A Korovkin-type approximation theory on commutative Banach algebras -- Appendix (SB(B Korovkin-type approximation theory on C*-algebras -- Appendix C A list of determining sets and Korovkin sets -- Appendix D A subject classification of Korovkin-type approximation theory with a subject index -- Bibliography -- Symbol index -- Subject index

Formato físico adicional: Issued also in print

Lengua: English

ISBN: 3-11-088458-5

Materia: Approximation theory Numerical analysis

Autores: Campiti, Michele (1959-)

Enlace a serie principal: De Gruyter studies in mathematics (CKB)991042745756700

Enlace a formato físico adicional: 3-11-014178-7
