Monografía

It's 1838 and London is gripped by orchid fever. Charles Darwin's diary turns up Higgins's bookshop, closely followed by two ex-body snatchers and a peculiar fellow with small teeth. Why do they want the diary? Could it have something to do with the terrifying painting of an orchid it contains? And what about the withered orchid that Emily took home to Mrs Trevelyan's Academy for Young Ladies? Before he knows it Julius is spinning through time and parallel realms in a race to rid London of the soulcatcher and a future too horrible to imagine
