

Mutual funds : fifty years of research findings /

Anderson, Seth C.

Springer,
2005

Monografía

"Mutual Funds: Fifty Years of Research Findings is designed for the academic researcher interested in the various issues surrounding mutual funds and for the practitioner interested in funds for investment purposes. The authors briefly trace the historical evolution of funds, present important aspects of the Investment Company Act of 1940, and then summarize a substantial portion of the academic literature which has been written over the past five decades."--Jacket
