

Ophrys lutea Cav. subsp. lutea y Ophrys speculum Link. subsp. speculum en el Principado de Asturias [

2024

text (article)

Analítica

Ophrys lutea Cav. subsp. lutea and Ophrys speculum Link. subsp. speculum are recorded for the first time from the Principality of Asturias (Northern Spain); both of them found in the dunar system of Rodiles (Villaviciosa), being the northernmost record for both species in the Iberian Peninsula. A second population of Ophrys lutea was found in Picos de Europa National Park (Cabrales)
