"The second in a series, Gold Star Performance Level 1, is an adventurous collection for the elementary pianist featuring changing moods, keys, and hand positions. The series offers performance pieces "with challenge." This collection may also be used as a "graduation book" to improve artistic, technical, and rhythmic skills before advancing to the next level. As the title "Gold Star" suggests, these pieces are especially appropriate for recitals and other musical events. A broad range of styles are presented to enhance the young musicians's awareness of classical, jazz, folk, and impressionistic sounds. Pieces need not necessarily be taught in the order presented."--Page 2 of cover
