Monografía

"This grand compilation contains over one hundred of Casper's very best stories, from the beginning of the Harvey series in 1952 through the classic years of the mid-1960's. These mystical tales of the Enchanted Forest are reproduced from crisp black-and-white printer's proofs and original artwork from the old Harvey archives, along with sixty-four pages of color meticulously restored from the original comic books. This book also includes a comprehensive introduction illustrated with historic memorabilia."--Page 4 of cover
