Blast off into the unknown with this collection of ten classical works of science fiction and fantasy. Long before we ventured into outer space or explored the most remote regions of the planet, writers have spun stories of what might lie in those unknown worlds, or what awaits humanity in the future. Classic Tales of Science Fiction & Fantasy is a collection of ten novels and short stories that blazed the trail for the popular genre. Works by acclaimed authors such as Jules Verne, H.G. Wells, Edgar Rice Burroughs, Sir Arthur Conan Doyle, Jack London, and H.P. Lovecraft will transport the reader to distant places and times-and set the imagination ablaze!
