Monografía

"Scotland, July 1746: an army of occupation ravages the Highlands, committing atrocities with consequences that will reverberate across generations. From this bloody cataclysm, the hardened professional soldier Mordaunt saves an infant who becomes his heiress and his obsession: on his shattered estate, a traumatised Franco-Scottish laird, Ewen Stirling, offers protection to a boy damaged by unspeakable horror. These lives, fatally bound, unfold against the turbulence of the eighteenth century, in a magnificent, uncompromising saga of love and the human cost of war."--Page 4 of cover
