Monografía

"After a mission of vengeance in Helsinki, James Bond returns to London and assumes the workload of a fallen 00 Section agent. His new mission takes him to Berlin, presumably to break up an agile drug-trafficking operation. But Bond has no idea of the forces gathered in secret against him, the full scope of an operation that's much scarier and more lethal than he could possible imagine. Berlin is about to catch fire ... and James Bond is trapped inside."--Publisher
