Título: Theory of Stein Spaces Recurso electrónico] by Hans Grauert, Reinhold Remmert

Editorial: Berlin, Heidelberg Springer Berlin Heidelberg Imprint: Springer 2004

Descripción física: XVI, 254p. 5 illus. online resource

Tipo Audiovisual: Algebraic Geometry Differential equations, partial Functions of a Complex Variable Functions of complex variables Geometry, algebraic Mathematics Several Complex Variables and Analytic Spaces

Mención de serie: Classics in Mathematics 1431-0821

Contenido: Introduction -- Sheaf Theory -- Cohomology Theory -- Coherence Theory for Finite Holomorphic Maps -- Differential Forms and Dolbeault Theory -- Theorems A and B for Compact Blocks C_m -- Stein Spaces -- Applications of Theorems A and B -- The Finiteness Theorem -- Compact Riemann Surfaces -- Bibliography -- Subject Index -- List of Symbols

ISBN: 9783642189210

Autores: Remmert, Reinhold., author

Entidades: SpringerLink (Online service)

Punto acceso adicional serie-Título: Classics in Mathematics 1431-0821
