British Agent Nathaniel Bradley is tasked with bringing home a stolen heirloom. After tracking the Faberge egg all the way to a group of criminals in New York, Bradley infiltrates a ring of con artists and gets sucked into the role of a high priced prostitute. While hoping for a chance to take back what is rightfully his, Bradley's sole mission becomes to seduce Tony Terranova, Jr, the heir to a notorious mafia dynasty. Though Tony is strikingly handsome, the usually dominant Bradley is hesitant to submit to the sexual whims of a dangerous Mafioso. What Bradley doesn't expect is for Tony to fall to his knees so eagerly for him, leaving him blindsided by how intensely their dark tastes complement each other. Now Bradley is caught up in a deadly game of lies and desire, where what he truly wants may not be what duty requires. Publisher's Note: This book contains explicit sexual situations, graphic language, and material that some readers may find objectionable: BDSM elements, male/male sexual practices, spanking
