Monografía

Everything that can go wrong, will...especially when a demon helps things along. When a mischief demon threatens a wedding, who's a Karmic Consultant gonna call? Brittany Hylton-VanDeere. Brittany's never planned a wedding before, but how hard could averting demon-induced matrimonial disasters be? Her particular brand of cockeyed optimism has always carried her through-but this time there's a complication. A tattooed, badass exorcist who's tempting her to break the no-office-dating rule. Luis Rodriguez isn't sure what to make of bright-eyed, somewhat illogical Brittany, but he'll take any job that gives him a break from exorcising demons for pampered, lusting housewives. Helping pull off a wedding is not exactly his idea of a break, but who knew that Brittany's infectious enthusiasm would be so, so seductive? As the demon keeps finding ways to throw Brittany and Rodriguez together, they find themselves sliding deeper into a forbidden romance. But distractions are something they can't afford. The demon's aggression is rising, and it plans to stop the wedding. Even if it means stopping Brittany...permanently
