Wolf Line: It seems logical at the time-how Jared's quiet morning coffee near the harbour ends with him on a cruise ship impersonating one of his pack mates. Keri would love to confirm her suspicion that the last-minute recruit sneaking aboard the Wolf Line cruise ship is her mate, but she's committed to being the troubleshooter for this shifter-only tour; she doesn't have time for mating lust. But when libidos are on the line, "logic" and "wolves" don't go together ...
