Monografía

"Newlywed Pastor Archer Pierce has begun to question his calling when his church demands more of him than he is physically able to give. When he disappears in the midst of a violent storm, his new wife, the church members, and the citizens of the town begin a frantic race against time and the elements to find him. Lauren McCaffrey has fallen deeply in love with Dr. Grant Sheldon and his twin teenagers. When he proposes to her, however, she panics. How can she suddenly step into the shoes of Grant's beloved late wife?"
