Monografía

"Ideal as an introduction and as a quick reference, Key Concepts in Critical Management Studies explores the essential concepts used within the field today. Specially edited and written by a range of international experts, key ideas are succinctly explained and illustrated beyond a simple definition. Further reading suggestions and cross-referencing provide the reader with means to develop their knowledge further. With over 50 entries, from Actor Network Theory to Utopianism, readers have instant access and explanation of the most influential concepts in CMS literature. Clear and engaging, this will provide strong support for all courses involving critical management and is a perfect resource for anyone with an interest in this field"--Provided by publisher
