

Access denied [race, ethnicity, and the scientific enterprise /

Campbell, George (1945 December 2-)
Denes, Ronni
Morrison, Catherine (1934-)

Oxford University Press,
c2000

Monografía

African-Americans, Latinos and American Indians are still severely under-represented science, engineering and mathematics in the USA. These essays explore the participation of minorities in these fields and the outcomes of government and private programmes to increase opportunities
