

Consistent incorporation of professional terminologies into the world's languages [the linguistic engine of global culture /

Guedry, Michel R.
Koop, Marie-Christine W. (1954-)

The Edwin Mellen Press,
c2010

Monografía

"The 17 case studies presented in this volume show the increasing need for foreign language programs in a global society. The work advocates for a combination of foreign language studies with career oriented disciplinary studies. The volume explores resources, curricular models and methods, assessment and examples of successfully integrated language and content education."--Publisher
