

History : a very short introduction /

Arnold, John H. (1969-)

Oxford University Press, 2000

Monografía

Series Copy Oxford's celebrated Very Short Introductions series offers concise and original introductions to a wide range of subjects--from Islam to Sociology, Politics to Classics, Literary Theory to History, and Archaeology to the Bible. Each volume provides trenchant and provocative--yet always balanced and complete--discussions of the central issues in a given discipline or field. Every Very Short Introduction gives a readable evolution of the subject in question, demonstrating how the subject developed in its own right and how it influenced society. Whatever the area of study one deems important or appealing, whatever topic fascinates the general reader, the Very Short Introduction series has a handy and affordable guide that will likely prove indispensable
